```python
for _ in range(int(input("no of testCases: "))):
    l=list(map(int,input("enter 7 days: ").split()))
    s=0
    for i in l:
        if i==1:
            s+=1
    if s>len(l)-s:
        print("Yes")
    else:
        print("No")
```
